Rated pedroG4mac from generous strangers from 5 to 5, if only.. I Most of these time management adventures have more difficulty levels as you progress through them. It requires determination to meet a fierce level, first in silver, then in gold. Think about how the new world could have been, a place for shared culture, wonderful wealth for all. Amassing beats of luck for greed. Bring us another, please WhiteTerra? Published date: 5 out of 5 from Best Time Management Game in 5 to 5 rated 2020-04-15 is so much fun in this game. Reminiscent of the old-school time management game with far better graphics. It's exactly like the streets of Rome where you'll need to build, stock and use different strategies to defeat each level. It also has modes to experience from beginner to no timer to difficult. Well worth the investment. I definitely advise tan. Thanks BFG. Published date: 2017-07-17 Rated 5 out of 5 love it by Shereubin!!! If you love the streets of Rome and Adelantado well then you go ... Two in one. Enjoy and don't forget to look for small treasures like the back streets of Rome!!!! Published date: 2017-07-12 Rated 5 out of 5 Franz1501 I love it! No, it's not like Adelantado, but a lot like the streets of Rome. But I haven't been bad at all since I love both of those games and bought all the parts of them. I absolutely enjoyed playing 4 Aztec skulls, I already played the whole thing about 3 times. As in the streets of Rome, the graphics are great, strategy, collection, challenge. More of this, please! I fully recommend it (unless you didn't like the streets of Rome, of course). Published date: 2017-06-11 rated 5 out of 5 by bjmoose59 from Awesome! Love this game, can't wait for version 2. The story line is rated low because it's not a big issue for me. Love the rest of this game. Published date: 2017-05-22 rated 5 out of 5 judyj450 loved it! It's just like the streets to my favorite Rome, really developed by the same! It was my first game that brought me to BigFish, and I never thought it would just be like it. So I'm so happy I tried it! splendid! Bring more!!!! Please???? Published date: 2017-05-19 Rated 5 out of 5 by Bumbles2 from Recreational Game!!! I loved this game... I'll definitely be playing more on this one. I especially enjoyed trying to find everyone Secret Cache... What a hoot... Sat until 2 a.m. to find his secret hiding places. But am a little confused and not in a bad way either!!! When I first started playing, I thot it was associated with the Adelantado series (due to music) and soon found out that it has nothing to do with that series.. I The game-game is completely different... I don't get wrong so this one also enjoyed it. What confused me was music and part of the game play!!! I saw the streets of Rome and the Adelantado trilogy jointly. This game is an easy to play... You have to apply a certain amount of strategy at certain levels but at least you enjoy something to do. anyway.. Download and you will not be disappointed with this one from a great developer.... It seems that most of their games hit an instant!!! Oh. . . I almost forgot ... I definitely recommend this game!!! Published date: 2017-05-17 Rated awesome by Kathyatam out of 5, awesome games with Adelanto flavor If you love the graphics and games play of the original music and the Adelatado series, you'll love it. Published date: 2017-05-12 Rated 5 out of 5 loved by boogienites of course this game! As someone who really loves playing TM, I was very happy to see the Aztec skull. No, it's not as challenging or long as Adelantado, but I enjoyed playing well. I waited until I to complete the game to do my review because very often, I gave 5 stars, but as I did ahead in the game, I found that I should have waited. I've completed it and loved every minute! The challenge is for sure, especially trying to find hidden treasures. I had to play many times to get a 3 star, but I never felt it was impossible to achieve it. My only disappointment is that the game ended. I can't complain about the length of the game because it wasn't a CE, even though it had a bonus level (which was in each of the 10 other books instead of just one level). I felt the length of the game was more than enough as a non-CE game. As a true fan of the TM game, it did not disappoint in any way. I think some expect a lot more; What I'm not sure. However, I will play over and over again on this one! BFG .... More like this please! Published Date: 2017-05-08 Rated 5 to 5 by felucca felt at home right by I love the Adelantado trilogy and have played them over and over. While they're more of a city building/building and this is a gathering resources/time management game, I felt right at home with familiar music, characters, and scenes. I'm guessing I'll play on this one over and over too! Published date: 2017-05-05 Big Fish Guarantee: Quality tested and virus free. No ads, no adware, no spyware.
